

Real-Time Leaderboard

The BEST Real-Time Leaderboard connects everyone, whether at the venue or hundreds of miles away, with real-time match and scoring information. For hubs that support the real-time data uploads, the newly redesigned BEST Real-Time Leaderboard brings the game to users through a responsive, modern web page. The site has been designed to work on browsers like Edge, Chrome, Firefox, and Safari, as well as mobile devices watching iOS and Android. Keep up with your favorite team on Game Day through the BEST Real-Time Leaderboard at <http://www.bestinc.org/scores>.
